

Join the Ambassadors Spring 2022 Class!

As trained Berks Nature volunteers, our Ambassadors can lead projects tailored to their interests, volunteer their time at Berks Nature events, answer questions, and more! All while helping to enhance and protect the environment.

*Applications due by
March 1st!*

Spring 2022 Ambassador Class Schedule

To become an Ambassador, you must commit to attending the Introduction session plus 3 additional trainings. Together, these 4 training workshops will provide a primer in what Berks Nature does as an organization, as well as practical conservation skills to carry with you through the rest of your life.

March 24th 6-9 pm - Ambassador Welcome and Introduction Night at The Nature Place

April 2nd 9 am - 12 pm - Tree Planting
Join our Senior Ecologist, Larry Lloyd, as he shows us the correct way to plant and grow young trees.

April 11th 6-9 pm - Education
Learn more about what programs we might teach at Berks Nature.

April 30th 9 am - 4 pm - Hydrology Part 1
Learn how to collect water samples, test for certain chemical properties, and use GLOBE - a worldwide science and education program.

May 14th 9 am - 1 pm - Hydrology Part 2
Learn about the biological aspects of a stream and how to determine water quality by identifying what macroinvertebrates are present.

May 28th 9am - 12 pm - Trails and Invasives
Join our Preserve and Trail Specialist, Jeremy Haymaker, for a hike at The Neversink Mountain Preserve.

June 6th 6-9 pm - Ambassadors Graduation Night!

Certificates will be awarded to attendees who have completed the Berks Nature Ambassador requirements.
